

EduSolve | Special Education Systems & Support

Creating sustainable solutions that improve compliance, optimize resources, and accelerate outcomes

❖ Why EduSolve?

EduSolve is a national leader in helping school systems transform special education from a compliance-heavy burden into a student-centered, strategically aligned service model. We work directly with superintendents, cabinet leaders, and special education teams to design systems that are compliant, cost-effective, and instructionally powerful.

❖ Core Services

1. Special Education System Redesign

- ✓ Align special education delivery with district strategic plans
- ✓ Reduce over-identification and increase inclusive practices
- ✓ Optimize staffing and support models

2. Performance Management for Results

- ✓ Build KPIs, dashboards, and real-time monitoring systems
- ✓ Integrate IEP compliance with instructional improvement
- ✓ Support continuous feedback loops and midcourse corrections

3. Leadership Development

- ✓ Executive coaching for SPED directors and central staff
- ✓ Role clarity and succession planning
- ✓ Decision protocols to balance compliance, instruction, and cost

4. Fiscal Efficiency & Resource Optimization

- ✓ Identify cost savings and reinvest in school-based supports
- ✓ Maximize IDEA and local funding impact
- ✓ Align roles and responsibilities with actual service needs

5. Change Management & Implementation Support

- ✓ Facilitate redesign and improvement planning
- ✓ Lead stakeholder engagement and resistance mapping
- ✓ Deliver professional development aligned to redesign goals

❖ Proven Results

- \$2M in annual savings through reorganization and role realignment
- Improved compliance and documentation readiness for audits

- Increased school-based supports and LRE performance
- Customized tools: coaching plans, performance dashboards, change trackers

❖ What Makes Us Different

- We don't just consult—we design, build, and support implementation
- We focus on systems and sustainability, not one-time fixes
- We center your strategic goals and Board priorities
- We bring national best practices and local context together

Let's Talk

Discover how EduSolve can help your district build a special education system that is high-performing, student-centered, and sustainable.
